## 38<sup>th</sup> Annual Meeting of the National Association for Ethnic Studies: "Who Counts & Who's Counting?" Washington, DC ❖ April 8-10, 2010

NAES is an interdisciplinary forum for scholars and activists concerned with national and international dimensions of race and ethnicity. Promoting scholarship and advocacy in the Ethnic Studies field, the Annual NAES Conference welcomes scholars, students and government leaders to discuss the state of ethnic minority populations, the challenges facing urban communities and communities of color, and the interactions between minority and majority populations from artistic, literary, political and sociological vantage points. This year's theme examines issues that the 2010 US census raises: How do classifications of race and ethnicity define lives, become part of individual and collective thinking, and shape definitions of who we are?
