29th Annual Meeting of the International Society for the Psychoanalytic Study of Organizations (ISPSO): "Living with Risk, Taking Action" **San Diego, CA ★ June 4-10, 2012**

Founded in 1983, **ISPSO** provides a forum for academics, clinicians, consultants and others studying organizations using psychoanalytic concepts and insights. Their Annual Meeting is an exciting, week-long event consisting of professional development workshops and symposium presentations, discussions and experiential events such as Social Dreaming. This year's meeting will explore how people in organizations today balance the pressures of risk and uncertainty in order to take action.

This is the best meeting of the year to promote your books on psychoanalysis and organizations, risk, leadership and decision-making processes.

The LSS BOOK EXHIBIT will once again be a featured component of the ISPSO conference. Located at the center of the meeting space at the Hotel del Coronado, your books and journals will be displayed for maximum promotional impact. Our exhibit offers attendees a unique opportunity to buy significant titles from the major publishers on all aspects of how psychoanalysis can be brought to bear on the study of organizations. **Our professional exhibit managers actively promote your titles** by distributing flyers and catalogues, discussing books with conferees, selling titles on-site using publisher-supplied order forms and urging instructors to consider titles for course adoption and library acquisition. **Attendees visit our exhibits repeatedly over the course of a meeting.**

This is the best opportunity of the year to reach prominent educators seeking texts, titles for assigned readings and research materials on all aspects of psychoanalysis, business, risk-taking, creativity and innovation, management and leadership studies. Space is limited.
